Part B for

SUBJECT

Seals of Overseers and Suboverseers.

D. 5 8713-15

24.6.47

To The Comptroller Genl.

Stated to consult and verify the adoption of seals of 1947.

Serial
No.

Letter no 4493 / E dated 23-1-1945
Chief Engineer for Irrigation regarding
the initial pay of newly promoted overseers.

The Chief Engineer has forwarded a list of 39 Sub overseers who were promoted along with others, as Overseers, in September 1944, and who have stagnated for over 5 years on Rs 80/- in the Sub Overseers grade of Rs 35-5/2-80. In view of their long stagnation on Rs 80/-, the Chief Engineer requests sanction to their initial pay being fixed as Rs 90/- in the Overseers grade of Rs 80-5-125 from 28-9-1944, i.e. the date of their promotion to the Overseers grade.

2. The proposal requires financial Concurrence and sanction of Govt.

3. The Chief Engineer recommends the grant of two advance increments to the newly promoted overseers who have stagnated on Rs 80 for over 5 years. In the list of 39 hands furnished, a few, who would appear to satisfy the above conditions, have been omitted. A complete list of all the hands (53 in number)

B
26-1-45

with the necessary particulars is required.
 Besides, only one advance increment was granted in the previous batch of Subordinates promoted as Overseers. The circumstances under which two advance increments are now proposed are not insurmountable -

4. The financial saving had observed in another connection "the strength of non-graduate Overseers is not clearly indicated. Until an allocation statement is drawn up fixing the existing personnel in the new cadres, it will not be possible to know how many non-graduates will remain in the cadres of SO's Overseers and Subordinates. After an investigation of this aspect, the exact number of posts, permanent & temporary, in each cadre will have to be definitely fixed up. Future recruitment regulated accordingly. It is suggested that this may be done immediately and until this is done, the personnel may continue in their present grades." These aspects were communicated to the CE for his further views and for furnishing the allocation statement, which is yet due from the CE. Before clarifying the above points, the CE would appear to have promoted 53 Subordinates as Overseers against the revised grades. It is a point for orders whether the promotions of Overseers ordered by the CE without clarifying the points raised by the HC Secy are in order -

29/1/45
 30/1/45
 The CE may perhaps be requested to clarify the position

Issue

21/1/45

Issued in NO P.W. 4313 dated 22/1/45

Letter No. 5838/E of 29.3.1945 from the Chief Engineer for Irrigation.

7. The Chief Engineer states that a complete allocation statement will be compiled on receipt of particulars awaited from local offices and requests sanction to grant an initial pay of Rs 90 to the newly promoted 39 overseers.

8. Regarding the grant of the advance increments, it may be mentioned that in the case of those who were promoted as overseers in the previous batch, only one advance increment was granted and they had also stagnated for 6 to 8 years. The proposal to grant two advance increments in the present case will not be in accordance with the precedent.

Besides, according to the Financial Secretary's views contained

in para 4 supra, the strength in each class has to be determined and the action taken in promoting the men to the vacancies & these appears to be rather premature. Further statistics have to be furnished along with the complete allocation statement showing the exact number of posts sanctioned & as occupied by P.S.'s and S.O.'s prior to 25.2.44 in the 'Surveyors' and 'Overseers' and 'Subalterns' cadre with a view to fix up the revised strength.

18/4/45

Issued in No. 6073 of 30.4.45

Letter No. 2615 of 30.5.1945 from the Chief Engineer, furnishing the particulars required in para 8 supra.

10. There are 5 Young Assist Engineers and 26 Sub Engineers working in the Dept as per statistics corrected to 24.2.1944. The cases of these two classes of men are being dealt with separately.

11. Coming to Overseers, 46 men (29 graduates and 17 non-graduates) were working on 25.2.1944 against the sanctioned scale of

Scale of overseers and Suboverseers. 5

Public Works Secretariat.

File No.

of 194

Serial
No.

85. Out of the 39 vacancies that existed then, $\frac{1}{4}$ of that number would have become available for promotion of non-graduates according to the rules then in force. Therefore it may have to be taken that of the 85 posts, 27 (17+10) posts were intended for non-graduates. The remaining posts should merge in the revised cadre of Surveyors.

120. Surveyors - Against 698 posts, 110 were filled by graduates and 483 by ^{non} graduates, the remaining 105 posts having been vacant for want of men. If these had been filled in the ratio of 2:1, the posts intended for graduates would have been $(110 + \frac{105}{2})$ or 145 and the rest (i.e. $483 + 70$) = 553 for non-graduates. But in another reference the Chief Engineer has proposed that $\frac{1}{3}$ of the sanctioned number of posts may be taken as meant for graduates according to the percentage fixed in the G.O. of 16.6.41. On this basis, out of 698 Surveyors' posts, 233 posts would be for

6

graduates and 465 for non-graduates. The revised strength of overseers as per G.O. of 25.2.44, will have to be $12\frac{1}{2}$ of Suboverseers. Hence the strength of overseers under the revised rules would be only $\frac{465}{8}$ or 58. The strength under each cadre in the Non-graduate estate on 25.2.1944 has to be fixed as follows:—

	Per.	Temp.	
Heavy Asst Engrs.	2	4.	} Question taken up Separately.
Sub Engrs.	4	4.	
Surveyors (60.5.12.5-10-17.5)	137	150	227
overseers.	28	30	58
Suboverseers.	224	241	465
			810
	395	429	(A)

The above scales have to be adopted as on 25.2.1944 and subsequent sanctions added thereto.

(1) The points on which orders are required are:—

- (1) to fix the number under each cadre as above (under G.O. of 25.2.1944)
- (2) to grant an advance increment of Rs 5/- to each of the overseers who have stagnated on Rs 80 for 5 yrs and more from 25.2.1944. This will be only after alloting regulations to the provisions to overseers' cadre as per above revised strength.

(3) The concurrence of Mr H. S. S.

scaled of overseers and
subordinates.

68/8pt. 31-7-45

U.O.NO.40/WAD4. dated 28th July, 1945.

Returned with compliments.

- 18) There are three items in this file required to be verified by audit and these are:

a. Scale as it existed on 25th February 1944 and as proposed to be fixed in accordance with G.O. dated 25th February 1944.

b. The 53 appointments made by the Chief Engineer in the Overseers grade promoting the Sub Overseers vide his No.4262-67/ES dated 12-1-1945 to this office.

c. The number of years for which the 39 suboverseers since promoted as overseers have been stagnated on Rs.80/-.

- 19) Regarding (a) above, the total sanctioned scale for Overseers and surveyors and the subsequent additions made

is stated to be 783 and 56 respectively (839) in the

statement annexed to Chief Engineer's letter No.7615 dated

30-5-45, whereas the total scales to be fixed for them *these subordinates*

in accordance with G.O. dated 25th February 1944 is 810.

Why there is this difference of 29 between the scale

sanctioned as it stood on 25-2-44 and that to be fixed

now is not clear, How the total strength of the sanctioned

scale has been arrived at has to be clearly made out with

reference to sanctions and their distributions among the

several offices in order that it may be verified by audit.

27/11/45

324/Spl. 7.1.46.

U.O.No.262/WAD.TV dated the 7th January 1946.

Returned with Compliments:-

30 None of the information as required in this office U.O. No.58/Spl. dated 31-7-45 has been clearly furnished so as to enable this office to verify and examine (1) the total sanctioned scale, (2) the promotions made and (3) the proposals to give advance increments to such of those Suboverseers promoted that were stagnated on Rs.80/- maximum.

31 Sanctions to appointments are accorded now and then according to the needs of offices individually and not according to Circles. Hence, the total Nos. of Overseers and Surveyors both under Permanent and Temporary entered against Circle in the statement now enclosed may be got distributed among several Divisions, Sub Divisions, Rangers etc. Then alone it will be possible to verify with the audit registers the strength sanctioned for each individual office finally working upto the total scale sanctioned for the Department shown as stood on 25-2-44. The cause for the excess of 29 appointments over the scale to be fixed as per G.O. of 25-2-44 pointed out in para 19 above has not ^{also} ~~all~~ been explained.

Secondly it is observed that there are certain works included in the list of 42 temporary Overseers shown in the statement for which periodical sanctions for the extention of services of the temporary staff are being obtained in piecemeal. If these works are closed, the hands sanctioned for them will have either to be retrenched or ~~reverted~~ reverted. Whether these places can be taken into account for substantial and temporary promotions from lower ranks will have to be considered.

33 The Chief Engineer states in his No.1520-29/E dated 28-9-44 that he has promoted 53 suboverseers as overseers against the total strength of 88 overseers (permanent 43 plus temporary 42 plus subsequent and recent ~~addition~~ temporary 3). Even granting that all the 45 temporary places are retained for long, who are all those that were counted hitherto under these 45 temporary places and have been promoted as permanent overseers against

C. F. 69]

Continuation Sheet.

File No.
Current No.

Page.

the permanent vacancies that accrued from time to time under 43 permanent places so as to make 8 places more under temporary available for promoting 53 suboverseers temporarily against 45 temporary places has to be clearly made out.

Thirdly the constitution of the non Gazetted subordinate as sanctioned by Government in their order dated 25-2-44 is as follows:-

1. Surveyors (graduates) 60-5-125-10-175
2. Overseers 80-5-125
Suboverseers 35-5/2-80.

_____ An office war allocation working up to the total
No. of 839 (permanent and temporary) Overseers and .

Surveyors may be got up basing the distribution on the above constitution and sent to this office for verification with the audit registers and the annual establishment schedules of the respective years and rendering an audit certificate as already stated.

Lastly, the names of the offices where the 39 suboverseers began to draw for the first time the maximum pay of Rs 80/- as suboverseers may kindly be got furnished as requested in this office U.O.No.58/Spl. dated 31-7-45.

Scale of Overseers & Sub Overseers.

Public Works Department.
Central office

File No.

of 192 **13**

Serial
No.

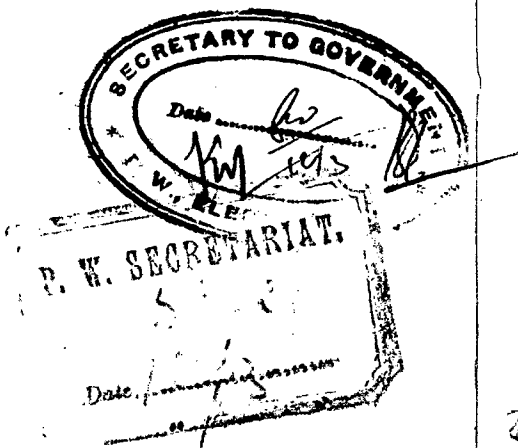

The Comptroller in his No.58/Spl. dated 31-7-1945 wanted the following particulars:

- 1) Information as to how the total strength of the sanctioned scale as it stood on 25-2-1944 was arrived at;
- 2) Distribution of the sanctioned scale among the several offices as it stood on 25-2-1944 and;
- 3) Names of the offices where the 39 Overseers, whose initial pay has been recommended to be fixed at Rs.90/-, began to draw for the first time ~~Rs~~ Rs.80/- as Suboverseers.

In this office No.2885/E dated 14-11-1945, a detailed statement showing the sanctioned scale as it stood on 25-2-1944 has already been ^{to him} furnished. Details showing the distribution of the sanctioned scale among the several Circles have already been furnished as the information regarding the distribution of the same among the Divisions and Sub Divisions was not available. In view of G.O. dated 25-2-1944, the sanctioned scales under several cadres have to be fixed now. After this is done, the distribution of the same among the several Divisions and Sub Divisions will be done. It is not possible to furnish the distribution of the sanctioned scale among the several Divisions and Sub Divisions as it stood on 25-2-1944 at this distance of time.

As the question of Honorary Assistant - Engineers and Sub Engineers was separately

No. 5933/E
one file
27.11.3.1946

Initial pay of certain Overseers.

File No. *14* of 192

Serial
No.

separately taken up; the sanctioned scale under this cadre was not taken into consideration for the total strength proposed to be fixed. This accounts for the difference of 29 subordinates.

The dates from which 39 Overseers have stagnated on Rs.80/- are already noted against each. It is not possible at this distance of time to intimate the names of offices where the 39 Overseers began to draw Rs.80/- for the first time since many of the Overseers have since been retired from service. In this connection, I wish to mention that in the case of certain Overseers whose initial pay was fixed at Rs.85/- in Government Order No. ⁶⁴¹⁴⁻¹⁵ ~~PO 6414-15~~ dated 20-3-44, only the dates from which they were stagnating on Rs.80/- were furnished as was done in case of previous batches also.

Sanction for the continuance of the temporary establishment is being obtained as and when necessary. In the event of any temporary establishment being discontinued after completion of the works, necessary reversion and retrenchment will be ordered.

43 An allocation statement showing the vacancy against which promotion was ordered has already been furnished.

Secretary to Government,
Public Works Department,
with compliments.

U.O. No. 386/WAD-IV dated the 12th April 46.

Returned with Compliments:-

45 The allocation statement of Sub Engineers and
Overseers as it stood on 25-2-44 received with the
Chief Engineer's No. L 4247/E dated 7-1-46 for
verification was returned to him with this office
No. 342/WAD. IV dated 14-3-46 with certain observations.

46 The present question dealing with the
promotion of the Suboverseers as Overseers may
be taken up after the exact scale of overseers
as it stood on 25-2-1944 is definitely ascertained
and verified by this office.

47 In the meanwhile the service registers of
the 39 Suboverseers who are stated to have been
stagnated on Rs. 80/- for over five years may be
caused to be looked into and the offices where
they drew their maximum pay of Rs. 80 as Suboverseers
for the first time ascertained and intimated to
this office for verification.

48 It is stated in the statement of vacancies
for promoting 53 Suboverseers as Overseers that
31 have been promoted against 43 permanent vacancies
and 20 against 42 temporary. It is not clear from
this whether the remaining 20 are still holding
permanent places and the remaining 22 are still vacan-
under temporary. The position may kindly be got
explained with reference to list of all officials
holding the posts as overseers as on 25-2-1944.

[unclear]

The total number of temporary Overseers sanctioned as finally verified by the Chief Engineer and furnished in his letter No.5426/E. dated 3/7-2-1947 is 40. As one hand shown under "Markonahally Sub-division" has been sanctioned on 11th March 1944 subsequent to 25-2-1944, the total number of temporary Overseers sanctioned as on the latter date will work out to only 39. The total number of permanent as well as temporary Overseers sanctioned as on 25-2-1944 will therefore, be 80 (41 + 39).

3.4 In Para 55 of the Note, it is stated by the Chief Engineer that there were 20 temporary Overseers working on 28-9-1944 against permanent posts. In his office Memo No.1520-29 dated 28th September 1944, 23 officials are promoted against fresh vacancies under permanent scale on a temporary basis. Under temporary posts, 30 are filled up leaving the rest vacant. The total number of Sub-overseers promoted by the Chief Engineer is thus 53 to take effect from 28-9-1944.

4.8 In Government Order No.P.W.731-2/Est.45-45-7 dated 30-7-1946, 10 Graduate Overseers were promoted as sub-engineers and 39 Graduate Surveyors as Overseers in the old grade with retrospective effect from 17-2-1943 and subsequent dates. In para 3 of the same Government Order, it is stated that after these promotions, only

only 12 vacancies remained for Sub-Overseers. Including the three posts newly sanctioned temporarily after 25-2-1944, the total number available for fresh promotions on 28-9-1944 was only 15. This number will be further reduced to 10 by adopting the scales as verified by this office asⁱⁿ Para 2 above.

Serial
No.

5. According to Government Order No.P.W.5695-5716 dated 25-2-1944 the total number of posts of Surveyors as on that date should be re-allocated as Surveyors in the Old grade, and of Sub-overseers (New Grade), Sub-overseers & Overseers, in accordance with the principles laid down by Government. This is taken up by the Chief Engineer and dealt with separately in another U.O.File, which is retransmitted with this office no 309/104 dated 7.4.47. After final orders of Government are passed on the latter file, such of the Engineering Graduates as were previously fixed in the Overseers' Grade (old) will be required to be transferred to the Surveyors' grade in the revised scale to release the vacancies in the Overseers' Grade for promotion of Sub-Overseers. It is only after this is done that it will be possible to know the exact number of vacant posts under "Overseers grade" to verify the correctness of the promotions of 53 Sub-Overseers, ordered by the Chief Engineer on 28-9-1944.

6. The Chief Engineer has recommended the grant of advance increments to 39 out of 53 Sub-Overseers promoted by him on 28-9-1944 on the ground of their stagnation on Rs.80/- for over five years. In the case of 20 sub-overseers, whose service registers had been received in this office, it is verified and found that they have stagnated for over five years. Service Registers of three Sub-Overseers have not been received

Serial
No.

received as yet for verification. The remaining 16 Sub-Overseers out of the 39 recommended are stated to have since retired from service.

7. The Service Registers received with this U.O. File were returned to the Public Works Secretary, after verification with this office letter No.240/W.4 dated 10th December 1946.

OFFICE OF THE CHIEF ENGINEER FOR IRRIGATION
IN MYSORE,

Bangalore, Dated, the 23rd January 1945.

From

M.NARASIMHAIYA, ESQ., B.A., C.E., M.I.E.,
Chief Engineer for Irrigation in Mysore,
Bangalore.

To

The Secretary to Government,
Public Works Department,
Bangalore.

Re. - Initial pay of certain newly promoted
Overseers.

Sir,

I have the honour to state that as there were vacancies, 53 senior most Suboverseers were promoted as temporary Overseers on Rs 80/- in grade Rs 80-5-125 in this office No.1520-29/E dated the 28th September 1944.

2. AS the following Suboverseers who are promoted as Overseers have stagnated on Rs 80/- for over 5 years, I recommend that initial pay of these subordinates in the Overseer's grade may be fixed at Rs 90/- with effect from 28-9-1944. I request that sanction of Government to the above proposal may kindly be obtained and - - communicated.

The Chief, Census for Drugs
Bangalore

Sir,

with reference to your

letter No. 4493/E. dated 23rd

Date of issue.....

Signed by.....

January 1945, recommending
an initial pay of Rs 90/- in
grade Rs 80-5-125 in the case of
39 newly promoted overseers,
I have the honour to state
that in the case of previous
batch of Suboverseers promoted
as overseers an initial pay of
only Rs 85/- was granted and
to request you therefore to
kindly initiate the special

List of enclosures.....

45th
B 1/2/45.

4

circumstances under which two advance increments are proposed to be granted for the 39 overseers.

A complete list of the 53 Suboverseers ^{have been} provided as overseers may also be kindly forwarded showing the date from which they are drawing the pay of Rs 80/-.

2. In connection with the allocation of the non-graduate Sub Engineers and Hong Kato Engineers under the revised cadres sanctioned in the G.O. of 25.2.1944, the D. Secy had made certain observations, which are reproduced hereunder:—

"The strength of non-graduate overseers is not clearly indicated. Until an allocation statement is drawn up fixing the existing personnel in the new cadres, it will not be possible to know how many non-graduates will remain in the cadres of Suboverseers, overseers and Sub Engineers. After an investigation of this aspect, the exact number of posts, permanent and temporary, in each cadre will have to be definitely fixed up and future recruitment regulated accordingly, ~~and until this is done~~ I suggest that this may be done immediately and until this is done, the personnel may continue in their present grades." The connected file was forwarded to you

G. R. S. App. F. G. 3.

GENERAL AND REVENUE
SECRETARIAT.

(Continuation sheet draft form.)

5
on 3rd August 1944. While
the observations of the J.L.
Secretary remained unan-
swered, the promotion
of 53 Suboversers to the
overseers grade would seem
to have been ordered in
G.O. no. 1520-29/2 dated
28th September 1944.

I therefore request
you kindly to arrange to
forward the allocation
statements for the graduate
and non-graduate subor-
-dinates under the cadres
sanctioned in the G.O. of
25.2.1944 with all the
necessary particulars to
enable the number of
appointments being fixed
under each cadre, as desired
by the J.L. Secy.

OFFICE-OF

THE CHIEF ENGINEER FOR IRRIGATION
IN MYSORE, BANGALORE.

Date

29-3-1945

To

The Secretary to Government,

Public Works Department,

B a n g a l o r e.

Sir,

Initial pay of certain newly promoted
Overseers.

With reference to your letter No.P.W.4313 dated 2-2-1945, I have the honour to state that as all the Overseers mentioned in this office letter No.4493/E Dated 23-1-1945, have stagnated on Rs 80/- for over 5 years their initial pay in the Overseers grade was recommended to be fixed at Rs 90/- as a special case.

2. A complete list of Suboverseers who were promoted as Overseers in this office No.1520-29/E dated 28-9-1944 is herein enclosed as desired.

3. The particulars called for in your letter dated 3rd August 1944, have already been furnished in this office No. 4590 Dated 25-1-45 ^E. A copy of the allocation statement forwarded to the Comptroller in this office No.4262 dated 12-1-45 showing the vacancies against which promotion was ordered is herein enclosed for information.

4. Particulars required for the compilation of an up to date allocation statement are still awaited from certain Circle Officers and the same will be forwarded on receipt of replies from all the Circles. In the meanwhile sanction of Government to the initial pay of 39 Overseers mentioned in this office letter referred to above being fixed at Rs 90/- may kindly be communicated.

I have the honour to be
Sir,
Your most obedient servant,

GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

No. P.W. 8713-15/EA. 11-46-21

General and Revenue Secretariat,

Dated Bangalore, ... 2nd June 1947.

FROM

*The Secretary to the Government of His Highness the Maharaja of Mysore.
Public Works Department, Bangalore.*

TO

The Comptroller to Government of Mysore,
Through

The Financial Secretary to Government,
B a n g a l o r e.

Subject: Initial pay of suboverseers promoted as Overseers.

Sir,

With reference to your ~~U.O.~~ U. O. Note No. 508/W.4. dated 8th April 1947, in the matter of verification of the sanctioned strength of overseers, I am directed to state that Government observe that the Audit Office has been merely making observations on the statistics furnished by the Administrative Office but does not definitely say what the strength ought to be as per scale registers maintained in the Audit Office. The permanent strength of Overseers taken at 30 as per Government Order of 9-9-1922 (Vide para 2 of your U.O. Note) as the basis is not correct as the strength was reduced from 30 to 25 in Government Order No. P.W. 109-11/E dated 9-7-1925 and the basis adopted by both the audit and administrative offices is not in order. Government therefore feel that no statistics are available to verify the figures of the administrative office.

2. The Chief Engineer for Irrigation is being requested to furnish correct figures after ~~thorough~~ thorough verification once again in consultation with the Auditor, P.W.D., giving reference to Government Order wherever necessary for the scales adopted by him, so as to facilitate the disposal of the long pending question by Government.

I have the honour to be,
Sir,
Your most obedient servant,

B. Narasimhaiah
Secretary to Government, P.W.D.

Shree

scale requires ^{maintained} in the Audit Office. The permanent strength of Overseers taken at 30 as per Govt of 9.9.1922 (vide para 2 of 2900 E.O. note) as the basis is not correct as the strength was reduced from 30 to 25 in Govt no. P.O. 109-11/2 of 9.7.1925 and the basis adopted by ^{both} the and in administrative Offices is not in order. Government therefore feel that no statistics are available to verify the figures of the administrative Office.

2. The Chief Engineer for Drip is being requested to ^{furnish} correct figures after thorough verification once again giving reference to Govt wherever necessary for the scales adopted before, so as to facilitate the disposal of the long pending question by Government.

I have

20/5/46

Secretary P.W.D.

Copy of the C.A.D. letter ref to his letter no. 1785 of 28/8/46, for favour of immediate needful action ~~with~~ as per para 2 supra. Copy of the Audit Office P.W.D. for information. HPS
